

EURASIA WINDOW, DOOR AND GLASS FAIRS WITH HYBRID FAIR MODEL ON THE NEW DATE: 3-6 NOVEMBER 2021

As a result of meetings with industry associations and based on customer feedback, **Eurasia Window, Door and Glass Fairs** with Aluminium and Shading Special Sections, has been postponed to 3-6 November 2021 and will be held at the TÜYAP FAIR AND CONGRESS CENTER– which has received its Covid-19 Safe Service Certificate.

Eurasia Window, Door and Glass Fairs will be a hybrid event, where the power of the physical event and innovative digital applications will be combined for the benefit of all our domestic and international customers. In fairs where **New Generation Fair** applications will take place, our goal is to create as safe an environment that we are able, with a raft of security measures in place.

The fairs will be held within the framework of the "**contact-free expo**" application of TÜYAP FAIRS GROUP, which is the first and only fair organization company that is entitled to receive the COVID-19 Safe Service Certificate of the Turkish Standards Institute. In addition to digital applications, measures will be taken against disinfection, social distance and possible health problems at the fairs to be entered with the codes or documents showing the health condition.

Eurasia Window, Door and Glass Fairs, which is one the most comprehensive and specialist trade events in the Eurasia region, with the support of all our industry stakeholders will bring industry professionals together with experts in their fields at Tüyap Fair and Congress Center, this year, too. Do not miss this great meeting held on 3-6 November, organized in cooperation with the leading associations of the industry, PÜKAD, PÜKAB and GALSIAD.
